

# European-Taiwan Cancer Screening Conference 2026 Draft Agenda

**7 October 2026**

University of Latvia, Raina bulvaris, 19, Riga  
Format: Hybrid

| Time        | Session                                                                                                                                                                                      | Speaker                                               |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------|
| 8:30-9:00   | Registration                                                                                                                                                                                 |                                                       |
|             | <b>Opening session</b>                                                                                                                                                                       | Chair:<br>Jaw-Town Lin, Taiwan<br>Marcis Leja, Latvia |
| 9:00-9:10   | Opening Remarks                                                                                                                                                                              | Marcis Leja, Latvia                                   |
| 9:10-9:30   | Digestive System Cancer Screening:<br>Sharing Taiwan's Experience With the EU                                                                                                                | Jaw-Town Lin, Taiwan                                  |
|             | <b>Session 1. Quality Assurance in Cancer Screening: Example with Colorectal Cancer Implementation</b>                                                                                       | Chair:<br>Jaw-Town Lin, Taiwan<br>Marcis Leja, Latvia |
| 9:30-9:50   | Screening and Prevention of Colorectal Cancer: Future Strategies for the European Union from Taiwan's Experience                                                                             | Han-Mo Chiu, Taiwan                                   |
| 9:50-10:10  | Quality assurance and research initiatives in Europe<br>The European commission initiative on colorectal cancer and ongoing projects of risk stratification within population-based programs | Carlo Senore, Italy                                   |
| 10:10-10:30 | Discussion                                                                                                                                                                                   |                                                       |
| 10:30-11:00 | Coffee break                                                                                                                                                                                 |                                                       |
|             | <b>Session 2. The Perspective of Personalised Screening Implementation</b>                                                                                                                   | Chair: Tony Hsiu-Hsi Chen, Taiwan                     |
| 11:00-11:20 | Risk-Stratified Screening: Applications to New Screening Programmes                                                                                                                          | Paolo Giorgi Rossi, Italy                             |
| 11:20-11:40 | Modelling for Personalised Screening and Prevention: Future Strategies for the European Union from Taiwan's Experience                                                                       | Amy Ming Fang Yen, Taiwan                             |

|                    |                                                                                                                    |                                                   |
|--------------------|--------------------------------------------------------------------------------------------------------------------|---------------------------------------------------|
| 11:40-12:00        | Prioritisation Modelling in EUCanScreen                                                                            | Danica van den Berg, The Netherlands              |
| 12:00-12:10        | Discussion                                                                                                         |                                                   |
| 12:10-12:30        | Data Availability Issues for Personalised Screening in Taiwan / Machine Learning Applications for Cancer Screening | Abbie Ting-Yu Lin, Taiwan                         |
| 12:30-12:50        | Large Data for Personalised Screening – EUCanScreen Approach                                                       | Aapeli Nevala, Finland                            |
| 12:50-13:00        | Discussion                                                                                                         |                                                   |
| <b>13:00-14:00</b> | <b>Lunch</b>                                                                                                       |                                                   |
|                    | <b>Session 3. Exchange of Experience on the Newly Recommended Screening Programmes for the EU (Part 1)</b>         | Chair:<br>Ildiko Horvath, Hungary                 |
| 14:00-14:20        | Where We Are with Prostate Cancer Screening Implementation in Europe                                               | Ugne Mickeviciute, Lithuania                      |
| 14:20-14:40        | Prostate Cancer Screening in Taiwan                                                                                | Tony Hsiu-Hsi Chen, Taiwan                        |
| 14:40-14:50        | Discussion                                                                                                         |                                                   |
| 14:50-15:10        | The Status of Lung Cancer Screening Implementation in Europe                                                       | Torsten Blum, Germany                             |
| 15:10-15:30        | Lung Cancer Screening in Taiwan                                                                                    | Aiden Chen-Yang Hsu, Taiwan                       |
| 15:30-15:40        | Discussion                                                                                                         |                                                   |
| <b>15:40-16:10</b> | <b>Coffee Break</b>                                                                                                |                                                   |
|                    | <b>Session 4. Exchange of Experience on the Newly Recommended Screening Programmes for the EU (Part 2)</b>         | Chair:<br>Jaroslaw Regula, Poland<br>.....        |
| 16:10-16:30        | Screening and Prevention of Gastric Cancer: Future Strategies for the European Union from Taiwan's Experience      | Yi-Chia Lee, Taiwan                               |
| 16:30-16:50        | EUCanScreen Pilot EUGastScreen Protocol and Progress                                                               | Marcis Leja, Latvia                               |
| 16:50-17:00        | Discussion                                                                                                         |                                                   |
| 17:00-17:20        | Screening and Prevention of Liver Cancer: Future Strategies for the European Union from Taiwan's Experience        | Yao-Chun Hsu, Taiwan                              |
| 17:20-17:35        | Lithuanian Hepatitis C Elimination Programme                                                                       | Limas Kupcinskas, Lithuania                       |
| 17:35-17:45        | Discussion                                                                                                         |                                                   |
| 17:45-18:00        | Conclusions and Wrap-up                                                                                            | Tony Hsiu-Hsi Chen, Taiwan<br>Marcis Leja, Latvia |
